**FOR IMMEDIATE RELEASE**

**OSG Billing Services Acquires SouthData, Inc. Creating a Leading Outsourced Billing and Customer Communication Management Company**

**ENGLEWOOD, NJ – July 22, 2014** – OSG Billing Services (OSG), a leading provider of outsourced billing and statement services and customer communication management, today announced that it has completed the acquisition of SouthData, Inc., headquartered in Mount Airy, North Carolina, a privately-held, full-service document management provider. The combined company will be based in Englewood, New Jersey and will be led by Scott W. Bernstein, OSG’s Chairman and CEO. John Springthorpe, III, President and CEO of SouthData, Inc., will continue on with the combined company as President and Chief Operating Officer. Alan Connolly, a senior executive with SouthData, Inc., will also join the OSG executive team.

The acquisition brings together two industry leaders of outsourced billing and critical customer communication services that share similar visions. “Our combined company will solidify and enhance our leadership position in providing outsourced services to the following industries: communications and media, property management and homeowners association, government and utilities and other consumer services,” stated Bernstein. “With a national footprint, a cutting-edge technology platform and a great employee base, we are looking forward to even further growth by bringing these two fine companies together.

“We are excited to begin our next phase of growth with SouthData, Inc.” continued Bernstein. “Our two organizations are culturally and operationally aligned with minimal geographic or market overlap. We are stronger together and are confident that this business combination will create value for our customers, partners and employees.”

“This is an exciting milestone for our company, and we look forward to joining forces with OSG,” said Springthorpe. “This acquisition is a significant step forward for us and enables our two companies to combine our technologies and expertise to provide added value to our customers and offer enhanced products to the marketplace.”
